A gift of hope and love

Christmas reminds us of babies born into poverty...

...and parents struggling to save their children.

That was the world of Palestine when Jesus was born to Mary and Joseph,

and that is the world we live in today.

We recall the Holy Family's desperate flight into Egypt to escape the evil and powerful King Herod who was willing to sacrifice innocent children for the sake of his own political future.

In our world, many rich and powerful leaders could save millions of suffering children, but they, too, lack the political will.

The little family became refugees, to protect their baby. Fighting for Jesus's survival surely included searching for clean water, nutritious food, safe shelter and transportation.

As you turn the pages, imagine Baby Jesus receiving these life-savings gifts from you.

It is 2012. Remember that 2000 years ago Jesus was a 12 year old boy engaging the educated religious leaders in the temple and amazing them with his wisdom and knowledge.

There are children in Honduras and Haiti who need a scholarship today. They desperately want to grow in wisdom and knowledge, too.

EXPERIENCE THE JOY of giving to those who truly need your gifts, especially when they could never give you the same gift in return, or even find a way to say a proper "Thank You"!

Remember that Jesus said-

"If you do it unto the least of these, you do it unto me."

Merry Christmas Felix Navidad

A Christmas Shopping List for Our Friends in Need

As you prepare for the Christmas holiday . . . we are once again reminded of how blessed we are and all of the material things that we have. Often times we find ourselves struggling to decide what kind of gift to give to our family members or friends. This year please consider giving a donation to MAMA Project in the honor of your family member or friend. Read through the descriptions of the different gifts in this booklet to find the one that you would like to “purchase”.

Please indicate the amount enclosed for each “item” on the page below. Send all donations to MAMA Project at 2781A Geryville Pike, Pennsburg, PA 18073.

Then cut, fold and give the cards on the right to indicate the donation to your friend or family member. Two cards are provided. Feel free to copy them as necessary or contact our office (215-679-4338 or mamaproject@enter.net) for more.

Thank you for you donation and gift in honor of your loved ones.
